[2010-06-22 07::59:22] Bob_Connelly15996: I had not noticed that before. If you click on the upper right corner by "My Status Active, you get a drop down menu. For one thing, it gives you the chance to raise your hand.

[2010-06-22 08::00:31] Matt_Serlin: Good Morning Bob

[2010-06-22 08::01:40] Bob_Connelly15996: Oh, you get the same drop down menu you click on the little man at the bottom left hand corner. Thanks Matt, Good Morning Eli:-)

[2010-06-22 08::02:25] Bob_Connelly15996: I have a phone link also, but I hear nothing.

[2010-06-22 10::23:07] Statton_Hammock__2_2: Are there Slides? I only see the agenda posted

[2010-06-22 10::30:18] Matt_Serlin: sorry Statton

[2010-06-22 10::31:20] James: where can I comment online?

[2010-06-22 10::32:19] Matt_Serlin: <http://icann.org/en/public-comment/#raa-improvements2010>

[2010-06-22 10::32:28] James: thnks

[2010-06-22 10::32:31] Statton_Hammock__2_2: Great question Rob.

[2010-06-22 10::34:31] Marika_Konings: Chart is on page 3

[2010-06-22 10::34:57] Bob_Connelly15996: Here is an example of "Death by Power Point".

[2010-06-22 10::35:23] Marika_Konings: or you can use the full screen button (under the meeting tab on the top)

[2010-06-22 10::38:09] Bob_Connelly15996: I do not see anything by that name.

[2010-06-22 10::38:40] Statton_Hammock__2_2: F11 is also full screen Bob

[2010-06-22 10::38:45] Marika_Konings: Under the meeting tab, there should be an option there, maybe underneath one of the sub-tabs?

[2010-06-22 10::39:32] Bob_Connelly15996: F11?

[2010-06-22 10::40:00] Statton_Hammock__2_2: the function key on your keyboard F11

[2010-06-22 10::40:15] Clarke_Walton: F11 function key Bob (or view | full screen) in most browsers

[2010-06-22 10::41:01] Bob_Connelly15996: I see, I'm using Fiefox and donot see any effect of F11.

[2010-06-22 10::41:47] Marika_Konings: you probably need to install the add-on for Adobe Connect so it opens in a separate window

[2010-06-22 10::42:04] Statton_Hammock__2_2: my relevant technical knowledge is tapped..

[2010-06-22 10::42:23] Marika_Konings: it normally asks you when you launch adobe connect if you want to install the plug in (I think)

[2010-06-22 10::42:40] James: Bob, try downloading the doc and viewing it locally

[2010-06-22 10::43:04] Statton_Hammock__2_2: Love the picture on the slide of the woman holding her head in her hands..appropriate

[2010-06-22 10::43:16] James: you can download the slides via the floppy disk icon in upper left

[2010-06-22 10::43:45] Bob_Connelly15996: Quiet?

[2010-06-22 10::43:48] Statton_Hammock__2_2: No sound coming from the room

[2010-06-22 10::44:57] Matt_Serlin: weird

[2010-06-22 10::46:41] Peter_Larsen: is it me, or is the slides not updating?

[2010-06-22 10::46:54] Matt_Serlin: we have not moved the slides

[2010-06-22 10::47:27] Statton_Hammock__2_2: Peter you should be able to scroll through the slides

[2010-06-22 10::48:15] Marika_Konings: The slide that was used for presentation was on page 3

[2010-06-22 10::48:23] Paul_Goldstone: I want to remind of my request for photos for the RrSG website. Thanks!

[2010-06-22 10::48:37] Marika_Konings: To download add-in for Adobe Connect, please try <http://www.adobe.com/support/connect/updates.html>

[2010-06-22 10::52:03] Bob_Connelly: F11 works with IE.

[2010-06-22 10::58:25] Bob_Connelly: Strong talk.

[2010-06-22 11::00:15] Paul_Goldstone: Elliot Noss

[2010-06-22 11::00:17] jberryhill: Elliot, of course

[2010-06-22 11::00:20] Paul_Goldstone: lol

[2010-06-22 11::00:39] Bob_Connelly15996: Didn't sound like him

[2010-06-22 11::00:57] jberryhill: The microphone is not getting all of his sonorous baritone harmonics

[2010-06-22 11::03:45] Paul_Goldstone: John, do me a favour and take a mobile snapshot or two of the room/attendees please?

[2010-06-22 11::07:21] Bob_Connelly15996: My hand is up

[2010-06-22 11::07:28] Matt_Serlin: bob

[2010-06-22 11::07:53] Bob_Connelly15996: May I have he microphone?

[2010-06-22 11::08:00] Matt_Serlin: all lines are muted

[2010-06-22 11::08:06] Bob_Connelly15996: ...the microphone

[2010-06-22 11::08:11] Matt_Serlin: so mason can pose the question

[2010-06-22 11::09:05] Bob_Connelly15996: That's not practical

[2010-06-22 11::09:37] Matt_Serlin: aqpologies Bob

[2010-06-22 11::11:16] jberryhill: Paul --- tweeted pics berryhillj

[2010-06-22 11::11:43] Paul_Goldstone: awesome! thanks John. checking now.

[2010-06-22 11::12:16] Bob_Connelly: I realize you have limitations. However, Elliot was given perhaps 5 minutes, I pushed the button for "raise hand" and get nothing.

[2010-06-22 11::13:12] Matt_Serlin: again sorry Bob but the audio is not tied directly to the adobe room

[2010-06-22 11::13:47] Bob_Connelly: This is my lap top using IE.

[2010-06-22 11::13:47] Bob_Connelly15996: This is my desk top with Firefox

[2010-06-22 11::16:51] Bob_Connelly: who is speaking?

[2010-06-22 11::17:03] Matt_Serlin: adrian

[2010-06-22 11::19:14] Statton_Hammock__2_2: Glad to hear that statement..

[2010-06-22 11::21:59] Matt_Serlin: okay folks...we can now unmute folks on the phone

[2010-06-22 11::22:05] Clarke_Walton: Same here. No audio

[2010-06-22 11::22:40] Matt_Serlin: hold please

[2010-06-22 11::22:51] ¬ª bgr joined the chat room.

[2010-06-22 11::23:09] Matt_Serlin: still nothing?

[2010-06-22 11::23:20] Statton_Hammock__2_2: nothing

[2010-06-22 11::23:21] Jennifer: I have had sound the entire time.

[2010-06-22 11::23:24] Matt_Serlin: this is the audio stream or the phone line

[2010-06-22 11::23:31] Clarke_Walton: phone

[2010-06-22 11::23:48] Statton_Hammock__2_2: i've been listening though the phone line

[2010-06-22 11::23:55] Jennifer: audio here

[2010-06-22 11::23:56] Clarke_Walton: adobe connect audio is working, but it's delayed

[2010-06-22 11::24:17] Bob_Connelly: Question: Is it appropriate for members to use our time to discuss new gTLDs that they want to be granted? IIMO, such would be out of order. OTOH, it would be proper to address the fact that registrars wish to have new gTLDs to provide to our registrants. Hope this makes sense, BobC

[2010-06-22 11::25:18] Statton_Hammock__2_2: Still silence

[2010-06-22 11::25:21] Bob_Connelly: All quite on the Western Front;-)

[2010-06-22 11::25:22] Matt_Serlin: the tech guys have said the phone audio

[2010-06-22 11::25:58] Bob_Connelly: Quiet

[2010-06-22 11::26:30] Statton_Hammock__2_2: yeah!! Sound

[2010-06-22 11::26:45] Matt_Serlin: not sure what had happened there guys

[2010-06-22 11::27:30] jberryhill: Bob's question was read, but it appears that registrars do not feel led to discuss whether they, or registrars generally are seeking TLD's. I proposed .Bob

[2010-06-22 11::27:56] Statton_Hammock__2_2: Whoops just lost JC no sound again

[2010-06-22 11::28:22] Bob_Connelly: Clarke spoke about the audio. Is he getting the streaming audio? Mine has not worked today with this conference though it worked on three different meetings yesterday.

[2010-06-22 11::28:59] Clarke_Walton: Bob, Statton - I'm getting the streaming audio, but not the phone audio -- the streaming audio is delayed by about 10-15 seconds, however.

[2010-06-22 11::29:10] Marika_Konings: Try <http://stream.icann.org/arc-16-en.m3u>

[2010-06-22 11::30:24] James: Clarke: can you hear the phone audio now?

[2010-06-22 11::30:43] Clarke_Walton: James: No, no phone audio.

[2010-06-22 11::30:48] Statton_Hammock__2_2: No sound from the phone

[2010-06-22 11::31:16] James: OK. I can restart the call...

[2010-06-22 11::31:19] jberryhill: Registrars are discussing best sources of cheap illegal pharmaceuticals to put in someone's food

[2010-06-22 11::31:43] Statton_Hammock__2_2: John B. Funny

[2010-06-22 11::31:49] Paul_Goldstone: lol

[2010-06-22 11::33:02] Statton_Hammock__2_2: I'm tempted to go play the Wii while I wait for sound

[2010-06-22 11::33:42] Bob_Connelly: I looked into my downloads and the appropriate listing is there for the streaming audio, but nothing is happening.

[2010-06-22 11::35:05] Matt_Serlin: the phone issues should be resolved

[2010-06-22 11::35:18] Paul_Goldstone: can we get some beatbox?

[2010-06-22 11::35:22] Matt_Serlin: haha

[2010-06-22 11::35:25] Statton_Hammock__2_2: Not yet

[2010-06-22 11::35:58] Matt_Serlin: mason just spoke

[2010-06-22 11::36:20] Statton_Hammock__2_2: Still no sound from the phone. should I re-dial in?

[2010-06-22 11::36:28] Clarke_Walton: audio stream works, phone does not. I'm going to re-dial in also.

[2010-06-22 11::36:33] James: Statton: yes redial in

[2010-06-22 11::36:47] Statton_Hammock__2_2: Ok.

[2010-06-22 11::36:49] James: then you'll be able to ask questions directly

[2010-06-22 11::37:02] Matt_Serlin: yes agreed

[2010-06-22 11::37:42] Clarke_Walton: no dice on phone

[2010-06-22 11::38:20] Statton_Hammock__2_2: I just redialed in and still no sound

[2010-06-22 11::40:02] Matt_Serlin: working on it again

[2010-06-22 11::40:16] James: here's another number to try: 1866 692 5726

[2010-06-22 11::40:49] Clarke_Walton: James - that's the number I'm using/

[2010-06-22 11::41:19] James: then try 15173459004

[2010-06-22 11::41:23] Paul_Goldstone: Sound is back!

[2010-06-22 11::41:25] Statton_Hammock__2_2: Audio is back on

[2010-06-22 11::41:27] Clarke_Walton: just started working

[2010-06-22 11::41:34] Matt_Serlin: ok

[2010-06-22 11::41:37] Bob_Connelly15996: wow

[2010-06-22 11::42:18] Statton_Hammock__2_2: All good. Thanks!!

[2010-06-22 11::42:24] Paul_Goldstone: Thanks Matt

[2010-06-22 11::42:25] Clarke_Walton: good here, thanks matt!

[2010-06-22 11::43:09] Statton_Hammock__2_2: No slides with the LE presentation correct?

[2010-06-22 11::43:14] Matt_Serlin: correct Statton

[2010-06-22 11::46:44] Bob_Connelly: Hand down now.

[2010-06-22 11::47:04] Matt_Serlin: great...thanks

[2010-06-22 11::54:06] Bob_Connelly: I had wanted to make a comment when the speaker before Kurt was speaking. Mason pointed out that most of our members are responsible. But there are many other Accredited Registrars who are not members. Mason made a good argument for adopting the Code of Conduct (CoC) specified in our RAA. We can then differentiate ourselves from the "outsiders", who are not members and whose acts tarnish the reputation of all Registrars.

[2010-06-22 11::55:03] Matt_Serlin: thanks Bob

[2010-06-22 11::56:33] Bob_Connelly15996: I'll send it to you as Email

[2010-06-22 12::01:11] Matt_Serlin: guys we are getting close to our 1 hour lunch break

[2010-06-22 12::01:30] Statton_Hammock__2_2: That was Gray

[2010-06-22 12::01:36] Matt_Serlin: for members of the registrar stakeholder group only

[2010-06-22 12::01:57] Paul_Goldstone: uh oh

[2010-06-22 12::02:00] Statton_Hammock__2_2: What is that?

[2010-06-22 12::02:17] Tim_Cole: fire alarm

[2010-06-22 12::02:19] Statton_Hammock__2_2: Matt with the phone line stay open?

[2010-06-22 12::02:28] Matt_Serlin: only the phone line will be active

[2010-06-22 12::02:42] Statton_Hammock__2_2: "will" the phone line...

[2010-06-22 12::02:50] Bob_Connelly15996: I can hear

[2010-06-22 12::03:36] Bob_Connelly: I hear

[2010-06-22 12::04:07] Bob_Connelly: What did JC say at the end?

[2010-06-22 12::04:25] Matt_Serlin: that it is difficult for us to operator under any kind of timeline

[2010-06-22 12::04:31] Bob_Connelly: He made a reference to something said yesterday.

[2010-06-22 14::51:36] Matt_Serlin: yes that was Bruce

[2010-06-22 15::01:36] Jim_Fleming: Seems that simplistic (naive?) models from 1998 may not scale into 2010 and to continue trying to map the .NET to those models is like trying to put round pegs in square holes - when all you have is a hammer, everything looks like a nail

[2010-06-22 15::09:24] Jim_Fleming: With all due respect for New Zealand's PDT his country is easily always 5 years behind the .USA Internet - To impose a 2 year old result with a 5 year out of date view begins to compound quickly

[2010-06-22 15::10:27] Matt_Serlin: we are now taking a 10 minute break and will be entering closed session afterward

[2010-06-22 15::10:36] Matt_Serlin: we will open back up at the top of the hour
